NINGBO HOMELINK ECO-ITECH CO.,LTD

Homelink is a leading professional manufacturer in China, both in the renewable PLA and regular plastic cutlery, drinking straws and cups and plates. Paper straws have been added to our manufacturing list, too. Homelink is always dedicated to developing bio-degradable and compostable products to make its contribution to a low-carbon and circular economy. Our compostable products have been certificated by BPI, DIN CERTCO and OK BIOBASED.

Established in 2004, Homelink witnesses fast expansion due to its international standard of management and sincerity in handling business. The factory covers a total area of 200,000 square meters (two Premises) with an annual turnover around US\$100 million from 2016, and we are still expanding steadily. Homelink passed various factory audits: GMP, HACCP, ISO9001, ISO22000, ISO14001, NSF, Kosher, BSCI and BRC. Both raw materials and end-products have FDA and EU Directives certified. Homelink has been supplying to many well-known supermarkets, foodservice industry and distributors world wide. You are welcome to become Homelink's partners to realize our mutual dreams!
